President's Message

PRESIDENT'S MESSAGE

Ms Latha A. Kumaraswami

Managing Trustee, TANKER Foundation, Chennai, India.

Dear Members,

It is with great pleasure that I welcome you all as the President of IFKF-WKA for the period January 2023 to December 2024.

I am humbled and honoured to have been given the opportunity to lead such an incredible group of people who are dedicated to making a positive impact in the world. As we embark on this new chapter together, I am excited to work alongside each and every one of you to continue bringing positive change to our communities and the world at large.

As a group we have already achieved great things, and I am confident that together, we can achieve even more.

I believe that the key to our success lies in our collective determination, our unwavering commitment, and our willingness to work together as a team. Let us continue to be guided by our core values of integrity, compassion, and a deep sense of responsibility to those we serve.

PRESIDENT'S MESSAGE

Ms Latha A. Kumaraswami

Managing Trustee, TANKER Foundation, Chennai, India.

Let us as a first step do our utmost to create awareness in every part of the globe on 09th of March 2023, for World Kidney Day. I urge every one of us here to take the message - Kidney Health For All, Preparing For The Unexpected, Supporting The Vulnerable ! to as many people we can and let's remember to PIN IT UP on the website www.wkd.org.

A collective vision this year is to increase our membership. Towards this effort, a humble request to each member here to bring in just one new member for IFKF-WKA! This will help us grow as a community and together we can achieve a lot more.

Once again, I welcome you all, and I look forward to working with you all towards our shared vision for a better world.

Warm Regards,

Latha

SECRETARY'S REPORT

Dr. Dina Abdellatif
NKF-ESNT, Egypt

It is a true honor and privilege to take over as Secretary General of our great community. Its challenging trying to follow in the footsteps of those who have gone before. We need to protect this and build on its strengths. At the same time, we have to remember why we exist, and to whom we ultimately serve.

Our mission is to reach out and provide guidance to all the kidney foundations and kidney patients around the globe.

Over the coming two years our target is to increase the number of members and this requires very hard and dedicated work that I am sure all committee members will not spare an effort to achieve it.

In consequence, we need to keep improving the membership benefits and establish links with all countries across all continents. Of course this can never be achieved without the guidance and support of all the IFKF/WKA pioneers and leaders.

SECRETARY'S REPORT

Dr. Dina Abdellatif
NKF-ESNT, Egypt

Besides, as the pandemic is over its time to meet in person again and revive our regular scientific meetings once more.

Finally, together we hope to raise greater awareness on Kidney disease, promote better kidney health, optimal treatment and care so as to maximize the quality of life, and longevity for Kidney patients.

Sincerely,
Dina Abdellatif

Tamilnad Kidney Research Foundation

The last quarter of 2022 was filled with memorable events and activities for Tamilnad Kidney Research (TANKER) Foundation.

Proud moments

- TANKER Foundation Founder-Trustee, Dr. Georgi Abraham, received the Recognition Award for Outstanding Achievement in Transplantation from Mr. Nitin Gadkari, Indian Minister for Road Transport and Highways, at the 32nd annual conference of the Indian Society of Organ Transplantation (ISOT), October 14, 2022. It is to be noted that Dr. Georgi Abraham is also the President-Elect of ISOT. He was also conferred the ISN- Bayer Pioneer Award by the Indian Society of Nephrology for his pioneering 'contribution in peritoneal dialysis in India'.
- Hello City TV picked TANKER Foundation's Managing-Trustee, Mrs. Latha A. Kumaraswami, as one of the recipients of its Virutcham Awards, 'for your active selfless work to the society and mankind' as mentioned in the shield.
- TANKER Foundation Head Admin, Mrs. Vasanthi Ravichander, won the VImonsha Woman of Substance Award for the wonderful and dedicated work she is doing for TANKER Foundation and the cause of kidney disease.
- TANKER Foundation Advisory Member, Ms. Rohini Menon, was honoured at a function in Kerala for her social service.

Tamilnad Kidney Research Foundation

Rallying to help

- It was a truly red letter day for TANKER Foundation when the Director General of Police of Tamil Nadu, Dr. Sylendra Babu, cycled 100 kms as part of the TANKER Foundation Cycling Rally 2022, to raise funds for the BP apparatus donation for Tamil Nadu police personnel.

BP apparatus donation project

- After donating electronic BP machines to police personnel of Chennai, TANKER Foundation shifted its focus to Thoothukudi. TANKER Foundation Founder-Trustee, Dr. Georgi Abraham, made a visit to Thoothukudi to donate the BP apparatus to the police personnel of the southern district of Tamil Nadu.
- As part of the hypertension sensitising programme, TANKER Foundation conducted its digital BP apparatus handing over programme to police personnel at Salem.
- Three hundred electronic BP apparatuses were donated to Mr. R. Sudhakar, IPS, IG of Police, West Zone, Coimbatore, and 50 such machines, to Coimbatore City Police Commissioner, Mr. Balakrishnan.

Tamilnad Kidney Research Foundation

Generous donations

- Generous donations poured in to oil the wheels of TANKER Foundation in cash and kind from the Punjab Women's Association, Inner Wheel Club of Madras Cosmos District 323, the husband of one of the patients of a dialysis unit, and Rao Bahadur Vemuru Ranganadham Chetty's Charities, who donated a dialysis machine.

Reaching out

- Awareness programmes and screening camps were conducted in Madurai, Tiruppur and Chennai in the last quarter of 2022 by TANKER Awareness and Prevention Programme (TAPP) team which reached out to members of the public, truckers and nursing students.

Tamilnad Kidney Research Foundation

1. PREVENTION THROUGH AWARENESS PROGRAMME and kidney (Serum Creatinine) diabetes and blood pressure screening camp

We have organised 100 Prevention of kidney disease awareness programmes through multi-media projector and 52 Kidney (Serum Creatinine). diabetes and Blood pressure screening camp in the internal villages of different districts of Gujarat state and makes screening of more than 2500 people and gives them a proper guidance on High blood pressure and diabetes to prevent the diseases like kidney failure.

• A Glimpse of Prevention Through Awareness Programme :

India Renal Foundation is working in different areas of Gujarat like Surat, Bhavnagar, Ahmedabad, Rajkot, Vadodara, Himmatnagar, Mehsana, Girsomnath, Kutch, Bhuj, etc. By conducting kidney awareness programs, we spreading Awareness for kidney disease among more than 3000 people per month.

1. PRERANA :

'Prerana' means a unique association that encourages living cheering friends who have undergone dialysis and kidney transplant. After becoming victim of the dreadful disease Chronic Kidney Failure, patients are mentally and financially under great stress and many of them lose interest in life. The motive behind running this programme is to improve their emotional stability and quality of life.

How do we work

All patients undergoing Haemodialysis, Peritoneal Dialysis and also Kidney transplant patients are invited every two months at all chapters.

Foundation organizes educative, motivational, yoga and meditation, music and other entertainment programmes for kidney patients and their family members. Besides this, IRF gives them a platform where they meet each other and share their feelings.

1. Public Awareness Program

We have also organized Public Awareness Programme and screening camp for Faculty of Gujarat Vidyapith University. Dr. Umesh Godani (Nephrologists) was present in this program and gave detailed information about kidney diseases
